

What Can the Librarian Do For You??

Great Question!!

Your librarian, Ms. Reed, is a fully credentialed teacher with real classroom teaching experience, a master's degree, and a Teacher Librarian Services Credential.

She can work with you in a number of ways.
Working in collaboration with you, she can...

- ✓ Teach a lesson on how to find and/or use library materials for your assignment.
- ✓ Prepare a list of subject headings your students can use to look up materials for your project.
- ✓ Teach a lesson on how to find appropriate subject headings for a topic.
- ✓ Prepare a bibliography of materials available in our library for your assignment.
- ✓ Teach a lesson on how to use our databases to fit your needs.
- ✓ Prepare a list of pre-screened websites and/or database articles relevant to your assignment.
- ✓ Pull books from our collection to put on reserve for your students to use.
- ✓ Let you know if we have enough materials in our library for your class to find information for an assignment.
- ✓ Help you adjust your assignment to fit the resources in our library.
- ✓ Order additional materials to fit your assignment.
- ✓ Help you prepare a list of research topics relevant to a particular subject.
- ✓ Let you know when we get new materials relevant to your subject.
- ✓ And more!

Let's **work together** to create **engaging units** that
promote **active student inquiry**,
teach information literacy, and
lead to mastery of your subject standards!
